- Max. Media Width: 102.4"
- Max. Print Width: 102"
- Motorized Take-up: Included
- Print Method: CMYKx2 (6 color)
- US List Price: \$44,995

PrismJET® VJ 54  
54" Wide Format EcoSol Printer

**A REVOLUTION IN PRINT QUALITY AND SPEED**

Wave Printing is a revolutionary, patent-pending print technology that greatly reduces visible banding in your digital prints.

Traditional inkjet printers lay down ink in a straight line, making it easy to see stripes or bands in the finished print.

Developed by the famed Mutoh engineering group and built into the PrismJET VJ, Wave Printing uses an interweaving pattern to virtually eliminate banding, even at higher speeds. Wave Printing also enriches colors, making blacks blacker, reds brighter and everything you print look its best, from your first print to your last.

**EXCEPTIONAL QUALITY ON ALL TYPES OF MEDIA**

- Vinyls for signs and vehicles
- Cloth for fabric sampling
- Canvas for fine art
- Photographic Paper
- Backlit Film
- Banner Material
- Clear & White Static Cling
- Window Film
- Reflective
- Much more

**Add FlexiSIGN-PRO, accessories, a set of inks, or a Premium Support Package (PSP) to your purchase of any PrismJET VJ**

**PRISMJET VJ FEATURES**

- Drop-on-Demand Dynamic Variable Dot Epson Micro Piezoelectric printhead
- 3 Heaters: Individually controlled pre-, platen- and post-heaters
- Resolution Options: 1440, 720, 540
- Print Mode Options: 10 modes (resolutions, passes, and carriage speed)
- Print Control Options: Media microstep adjust, origin reset, automatic head cleaning, dry time interval between copies
- Ink Capacity: 220ml per color with 4 ink reservoirs (220ml & 440ml on 64" and 100" models)
- Available Ink Options: Eco-Solvent Ultra ink. No lamination required in normal applications. Heavy duty applications, such as car wraps, floor graphics, etc., require lamination.

# What makes the PrismJET VJ printer so superior? Every model includes these advanced features:

## Wave Printing Virtually Eliminates Banding

Wave printing hides straight-line banding, the bane of every other printer in the market place today. The PrismJET VJ series uses the patented, unique wave pattern to hide and disguise ugly banding. Now, the potential impact of your image is uncovered!

## Simplicity Defined: Easy to learn and use

With a complete tutorial and setup training DVD included, our PrismJET VJ Series 48" and 54" are the easiest printers to set up and operate. Ease of use IS simplicity defined.

## Up to 3 year outdoor durability, unlaminated\*

Our eco-solvent "Ultra" inks are designed to yield the highest possible expanded color gamut for rich reds and deep blues. Plus you get the highest outdoor durable life... up to 3 years in some situations!\* And, it's virtually odorless printing with less harmful VOCs.

## 90 day Premium Support Package (PSP)

In addition to tutorial and setup training DVD, we back you up with one of the industry's best telephone support teams... rated 94% satisfied during recent surveys.
