

Sign Shapes

Over 600 sign shape templates for setting up quick sign designs in Adobe AI format. Great for vinyl signs, routers and engravers. Just add text or text and graphics and in minutes you'll have that sign ready to be proofed. These shapes can be modified, combined or colorized in any illustration program. Use one or combine two or more templates or use these shapes as a springboard for your own custom designs. "Sign Shapes" new clip art from Vinyl Express Software will save you time in your sign design work.
