

EnduraMASK Application Tapes

- High Tack** Factory Cut Premask - Users agree that EnduraMASK is the best application tape ever! Your vinyl letters and graphics will release easier and clean as a whistle with no tearing, wrinkles or glue strings.
- Endura Perfect Tear** EnduraMask™ Perfect Tear - this high-tack tape is suitable for large and small letters and logos, easy weed and matte calendered vinyls.
- Perfect Tear Layflat** The excellent lay-flat characteristic of this high-tack tape allows for long term storage of graphics with no excessive adhesion growth to the vinyl and gives trouble-free transfer of the graphic.

R-Tape Application Tapes

- Clear Choice AT-60** The clear, easy-unwind, no-stretch application film is made with a clear co-polymeric film that resists curling and an adhesive system designed not to build up or yellow over time.
- Clear Choice AT-65** It is a ultra-clear, high tack film application tape that provides exceptional performance and versatility for the widest range of sign applications. Simply put, AT65 is the tape you'll want to keep on-hand.
- Clear Choice AT-75** Transparent, heavy-gauge, embossed polypropylene film with none-yellowing, high tack modified acrylic adhesive. Provides bubble-free lamination to vinyl graphics.
- R-Tape Conform** Factory Cut - R-Tape Conform Series are formulated with advanced RLA™ technology for improved lay flat and release liner adhesion.
- R-Tape ApliTape** Factory Cut - This premium application tape is first rate for pucker & tear resistance. Releases clean & easy. Tolerates humid environments better than other tape.
- R-Tape Conform w/4078RLA** User friendly medium tack tape. Designed specifically for wall graphics. Available in factory-cut rolls which means no damaged edges for trouble free unwind.

Oracal Tapes

- Oracal HT55** ORATAPE® Series HT55 Application Tape is a high tack tape optimized to provide trouble-free pre-masking and graphic application.

MainTape Application Tapes

- PERFECTEAR Plus™ High** PERFECTEAR Plus™ High" paper application tapes tear cleanly, with no stringy legging adhesive. Greatly reduces errors in applying graphics. Main Tape products feature benefits to enhance your most intricate sign construction needs.
- PERFECTEAR Plus™ Medium** PERFECTEAR Plus Medium paper application tapes tear cleanly, with no stringy legging adhesive. Greatly reduces errors in applying graphics. They also provide superior performance in wet applications with no time-consuming cleanup or gluey mess. Used for sign making, screen printing, digital printing and surface protection.
- PreView Plus™ Med Tack Clear** Preview Plus™ Medium Tack Clear Application Films demonstrate superior clarity for ease of registration of multiple colors. Using a rigid facestock, PreView films laminate easier and lay flatter for trouble-free shipping. No tunneling when rolled properly. Little or no adhesive growth. Static Free!
- PreView Plus™ High Tack Clear** Preview Plus™ High Tack Clear Application Films demonstrate superior clarity for ease of registration of multiple colors, uses a rigid face stock for easier lamination and lay flatter for trouble-free shipping.
- Painters Blue Tape** Whether you are a professional painter, a sign-maker, or a do-it-yourselfer, MainTape Painters Blue Tape is the product for you.

Digital Application Tapes

- Digiwrap** Many vehicle graphics installers have found that applying a cast vinyl graphic is easier with application tape because the installer handles the tape and not the cast vinyl and laminate.

Hem Tapes

- OraBOND Hem Tape** Resists UV radiation, extreme temperatures, chemicals, solvents, and humidity. Out best double sided banner hem tape.
- Banner UP Power** This is a single-sided tape and only requires 3 minutes. Duplicate the strength of folded hem and doubled-

Tape sided banner tape. Eliminate the risk of damage to image by post-print sewing.

Painters Blue Tape

Whether you are a professional painter, a sign-maker, or a do-it-yourselfer, MainTape Painters Blue Tape is the product for you.

Knifeless Tapes

Knifeless Tape

A must-have for any installer's kit. With the technology of graphic films expanding, the variety of tools to install those films needs to expand.
